INTERSHIP CERTIFICATION

TRUST AND SYSTEM SOFTWARE ,NAGPUR

- Here, I Worked on OCR project As a Frontend Developer for 5 months, by extending my skills in JAVA &.NET Development

CEH

LEARN AND BUILD,

I Did it for hands-on experience on the security ethics of the company's and to be familier with the defence.

PROJECTS

- **OCR PROJECT**

  That was our final year project, where we made a website using JAVA & .NET FRAMEWORK . We build this page for an identity template. Its well helped out to extract data from identity cards by using the OCR technique and filtering it. We use its entity features in our ID template

- **WOMEN SAFETY ALERT APP**

  This project was made out by considering the safety of women. In this project I worked on its build part with it i got familiar with the use of java concept. where I made it done by using an online site

- **SKILLSHUB WEBSITE**

  It's my own project ,where i used my skills to build its front side going in deep its all made by using basic web laungauge.

- **VAPT ON WINDOWS 7**

  I did this project in my CYBER SECURITY CERTIFICATION, where the main the scope was finding and making its report file; I did it on Windows 7 with hands-on skills in Kali Linux and GitHub.
